### Materials

Melted venetian glass, painted wood

### Price

Price under request

### Abstract

Work Love Die, a piece of the Melting Words collection, is the contemporary interpretation of a Venetian mirror: melted, deformed, cracked and vandalised like its namesake. Work Love Die is a metaphor for the state of the city of Venice: just as the mirror reflects the environment, Your Face makes us reflect on the way in which tourism economy has disintegrated one of the capitals of modern European culture.
